b. is currently in the process of giving information on their Relay to CONARC at the request of General Cook.	25X1
cstated that it was obvious that some	25X1
of the people in attendance had information that they were not at liberty to divulge.	25 X 1
d. was asked if the equipment could be transistorised to which he replied, "Probably".	25X1
e. In view of our present handling of the "C" unit, it appears that a difficult situation is likely to occur in the immediate future. It is recommended that a decision be made as to precisely how the anticipated "Situation" is to be handled.	
f. Delivery of the material by was made possible by the liberal expenditure of personal time by Messrs. Donald	25 X 1
If policy permits, it is recommended that these engineers be given an official commendation.	.25X1
